1.9 CGI:

you'll need some Rubbing Alcohol, I bought mine from Walmart.

1.10 CGI:

Pour some of it into a small container and

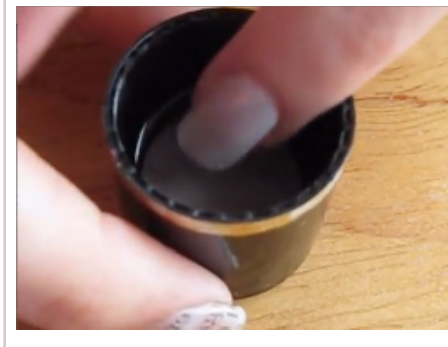

1.11 CGI:

Take a small piece of newspaper and press

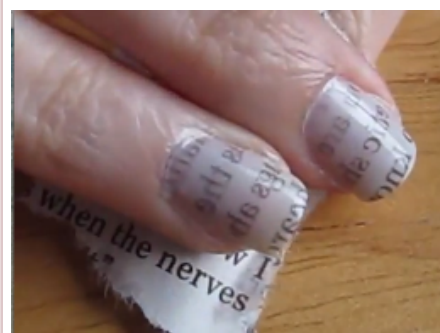

1.12 CGI:

you can then use a cotton to clean up your

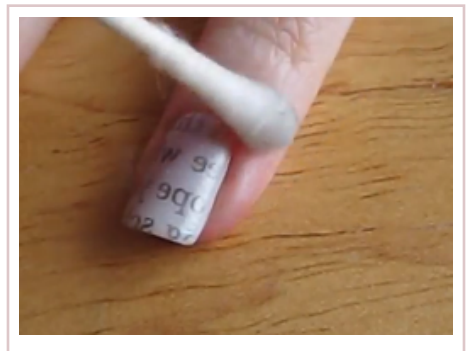

deep your nail into it for about five seconds.

it firmly onto your nail for about fifteen seconds. Pull it off and the ink from the words will be left behind

nails after.

1.13 CGI:

Now it's very important to apply a Top Coat

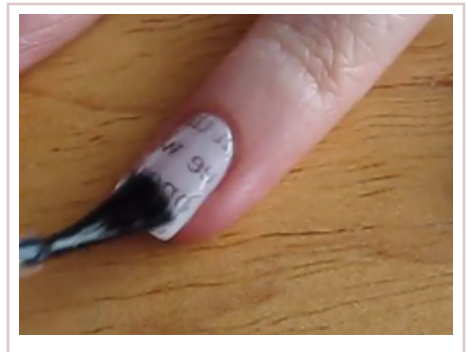

1.14 CGI:

over this design because it stops the newspaper ink from rubbing off.

1.15 CGI:

It will also provide some beautiful shine.

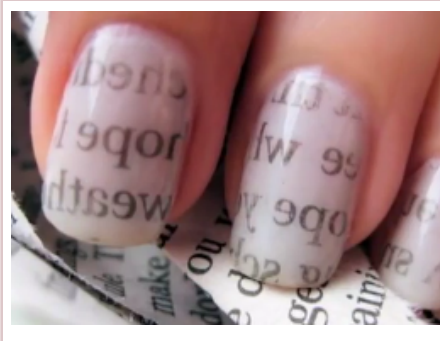

1.16 CGI:

And that's it, your eyes catching newspaper nails are finished.
